The IFS Industry Advisory Committee will meet quarterly with the High Level Implementation Committee with a view to:

- ensuring effective public-private engagement in growing and developing Ireland's international financial services sector with a particular focus on job creation, driving innovation and entrepreneurship and growing investment and exports;
- supporting the Public Sector HLIC in implementing the actions in the IFS 2020 Strategy and in monitoring and reporting on progress to Government;
- advising the HLIC on emerging global and national opportunities and challenges facing the international financial services industry and possible actions/policies to address or harness these;
- advising the HLIC on barriers or enablers to the growth of Ireland's IFS industry and proposing actions or measures to address these;
- feeding in proposals to the HLIC for new actions to be included in the IFS Strategy for the following year, within the framework of IFS2020 strategic priorities.

These Committees will operate in conjunction with a number of Working Groups (see below) that will focus on issue-specific or sector-specific challenges and opportunities in the context of developing the IFS sector. They will therefore reflect and feed in as appropriate issues arising from these working groups/subgroups.
